

OPAL HUMANITY

A SMILE FOR EVERYONE

ENG

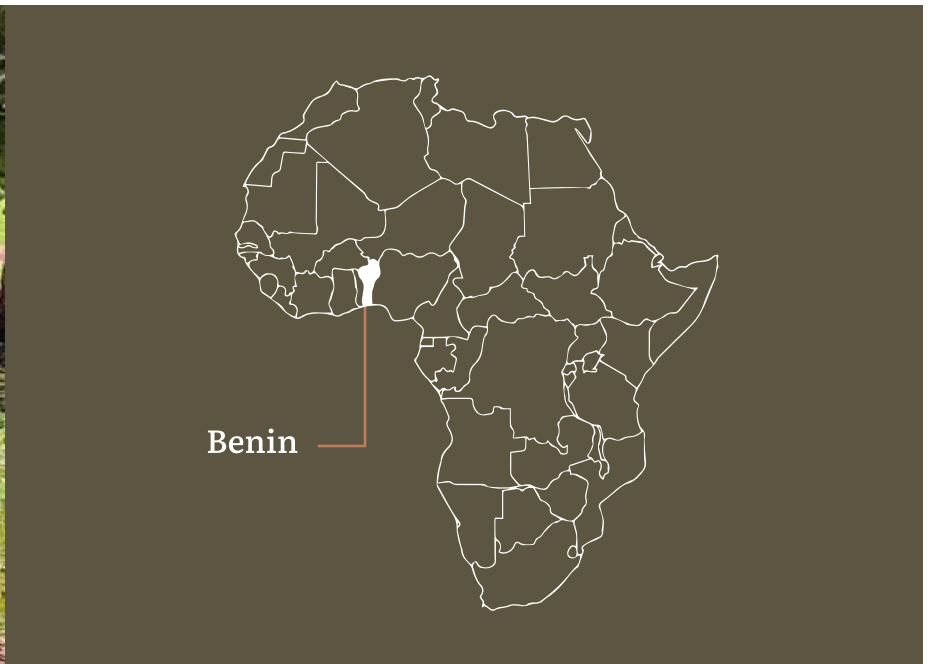

ABOUT US

Opal HUMANITY invites you to live a unique and enriching experience where humanitarianism meets adventure. Get involved in a two- to three-day mission dedicated to improving the living conditions of underprivileged populations in Benin. You'll take part in concrete actions in the field, in the areas of health, education and general well-being.

After devoting your time and skills to this noble cause, continue your stay by discovering the wonders of this fascinating country, guided by our local expert in collaboration with Loana Travel. Explore the cultural richness, breathtaking landscapes and hidden treasures of Benin, a developing country brimming with beauty and humanity.

This trip is much more than a simple adventure: it's an opportunity to experience memorable moments that will mark your life. By taking part in our program, you'll discover as much about yourself as about the world around you. The lessons you learn will be as valuable as the help you provide. It's a total immersion that will transform your vision of the world and enrich your soul.

Join us for this unforgettable experience where solidarity and discovery intertwine in an exceptional setting.

Vision

Opal HUMANITY aspires to become a health and dental NGO, committed to providing essential care to people in need, starting in Benin and gradually expanding to neighboring West African countries. Our vision goes beyond offering basic dental care and hygiene advice. We also aim to promote holistic education, including the provision of school materials, health education and sports activities to bring joy and well-being to children.

We firmly believe that health, education and access to drinking water are the pillars of a society's development. That's why we're committed to meeting these vital needs.

In the long term, **Opal HUMANITY** also plans to launch similar projects in France, particularly to support migrants and other vulnerable populations. Our aim is to provide them with the care, support and resources they need to enjoy healthier, more fulfilling lives. We are also exploring initiatives such as the construction of wells to guarantee access to drinking water, a fundamental element for health and well-being.

Ensuring regular access to dental care for the most remote communities

Mission

We are committed to reaching the most remote communities in Benin and West Africa, where access to healthcare services is often limited. By travelling to remote villages, far from major cities, we will offer essential care and practical support to local people. The education and well-being of children will be at the heart of our actions, with a holistic approach that includes learning and sporting activities to enrich their daily lives and promote their overall health.

Objectives

- 1. Provide essential dental care:** Guarantee regular access to dental care for the most remote communities, including consultations, treatment and preventive interventions.
- 2. Raise awareness of oral hygiene:** Setting up educational programmes to inform people about the importance of oral hygiene and preventive practices.
- 3. Improve access to healthcare:** Expanding health services in rural areas and facilitating travel to enable communities to access the care they need.
- 4. Encourage the education and well-being of children:** Develop educational and sporting initiatives to enrich children's daily lives, focusing on their overall development and health.
- 5. Build essential infrastructure:** Carrying out projects such as building water wells to improve living conditions and guarantee access to vital resources.
- 6. Train local healthcare professionals:** Organise training sessions for healthcare workers to improve their skills and ensure the sustainability of the services offered.

Main activities

- 1. Free dental consultations:** Organise mobile clinics or dental care days in villages to offer consultations, treatment and preventive care to local people.
- 2. Awareness-raising workshops:** Set up educational sessions in schools and communities on oral hygiene, introducing locals to good practices and strategies for preventing dental disease.
- 3. Training programmes:** Train local professionals in dental care and general health to reinforce skills and ensure continuity of care in the communities.
- 4. Infrastructure projects:** Designing and carrying out projects to build or renovate essential infrastructure, such as water wells, in order to improve living conditions in communities.
- 5. Sports and educational activities for children:** Organise sports programmes, recreational activities and educational workshops to promote the well-being and development of children.
- 6. Community awareness campaigns:** Carry out local campaigns to inform people about the importance of oral health and good hygiene practices.
- 7. Collaboration with other NGOs and institutions:** Establish partnerships with local and international organisations to strengthen our initiatives and broaden the impact of our actions.

Target beneficiaries

Actions of **Opal HUMANITY** will focus primarily on disadvantaged populations living in rural and remote areas of Benin and other West African countries. Our efforts will focus particularly on children and families, those with limited access to healthcare and essential resources, in order to meet their needs in a concrete and sustainable way.

Intervention area

In first place, **Opal HUMANITY** will concentrate its actions in Benin, focusing on rural areas and the most isolated communities. Ultimately, our purpose is to extend our reach to other countries in West Africa. We also want to support migrants in France, responding to their specific needs in terms of healthcare and essential services.

Our Partner: Loana Travel

A Key Partner for Hosting and Coordination.

Loana Travel collaborates with **Opal Humanity** to ensure participants' stays in Benin and West Africa are seamless, safe, and comfortable. With their expertise, they provide:

- Reception and logistics: comprehensive management from participants' arrival.
- Scheduling and planning: well-organized daily programs tailored to humanitarian missions.
- Coordination of humanitarian efforts: efficient organization to maximize impact on the ground.
- Cultural immersion: curated visits and activities to explore the region's rich cultural heritage.
- Exceptional comfort and safety: stays in high-end hotels with all necessary amenities, including reliable internet access, top-notch security, and a clean, well-maintained environment.

With **Loana Travel**, we guarantee participants a secure, organized, and comfortable experience.

Financing

Funding for the **Opal HUMANITY NGO** will come mainly from our practice, **Opal Dental Studio**, which will provide the necessary dental equipment. We are also counting on voluntary donations from private individuals and are committed to being totally transparent about our spending and purchases.

At the same time, we will be soliciting donations of equipment from dental suppliers, as well as medicines and other health supplies from pharmacies and other partners.

Results expected

- 1. Easier access to dental care:** Monitoring the number of consultations and treatments carried out in remote areas, as well as changes in the oral health of beneficiaries.
- 2. Increased awareness of oral hygiene:** Evaluation of the impact of educational workshops on acquiring better oral hygiene practices within the targeted communities.
- 3. Improved access to general healthcare:** Measure the effectiveness of global healthcare programmes by monitoring the number of beneficiaries, the medicines distributed, the care provided and the built infrastructure.
- 4. Children's development and fulfillment:** Analyse the impact of educational and sporting activities on children's well-being, as well as their access to more diversified educational opportunities.
- 5. Strengthening local skills:** Evaluate the skills acquired by trained local professionals and the improvement in the quality of the care they provide.
- 6. Beneficiary satisfaction:** Gathering and analysing feedback from beneficiaries on the quality of services and interventions in order to adjust and optimise the actions carried out.

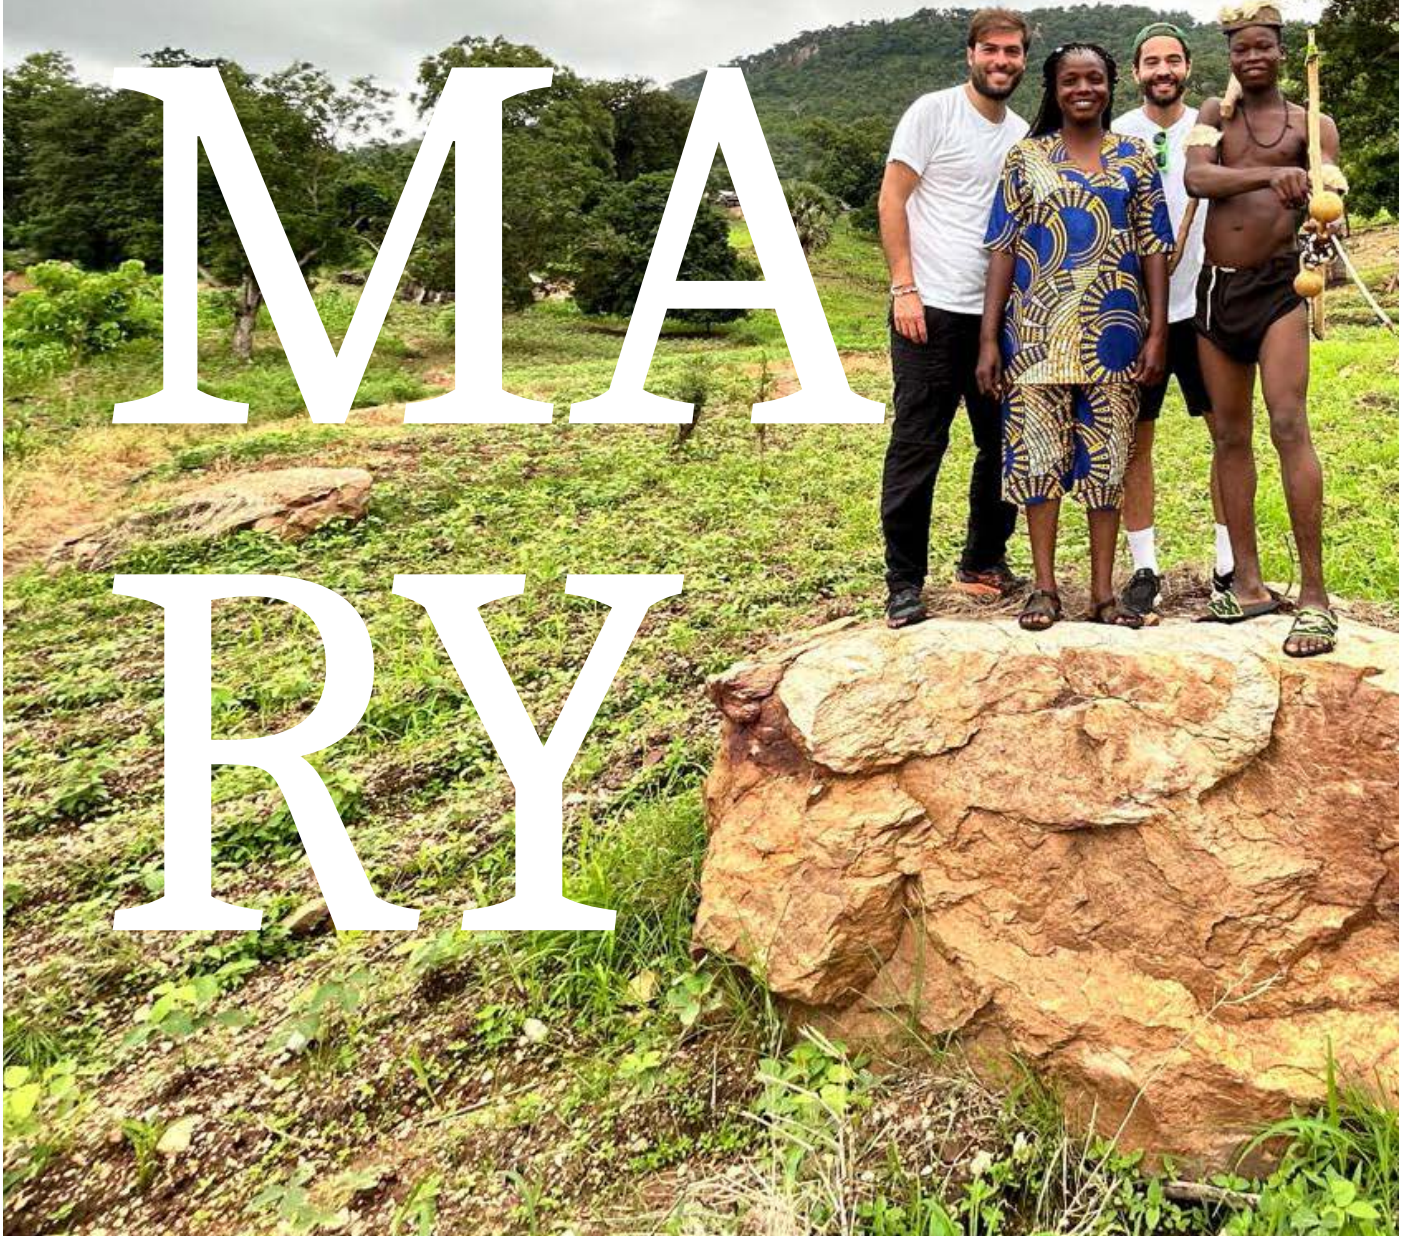

Values and Commitments

- 1. Integrity:** We commit to conduct all our actions with honesty and responsibility, respecting the highest ethical standards in every intervention.
- 2. Transparency:** We want to ensure the transparency of our financial operations and results, in order to build and maintain the trust of donors, beneficiaries and partners.
- 3. Compassion:** We will act with kindness and empathy, placing the needs of our beneficiaries at the centre of our commitment.
- 4. Respect:** We promise to honour the culture, traditions and rights of the communities we support, while adapting our actions to their reality.
- 5. Solidarity:** We will work closely with local communities and other organisations to join forces and create a stronger collective impact.
- 6. Innovation:** We will be seeking and implementing innovative solutions to the challenges we face and continuously improving our practices.

SUM

MIA

RY

1. **Name and slogan: Opal HUMANITY –**
«Healthcare for Every Smile».
2. **Mission:** To provide essential dental care while improving the well-being of communities by adopting a holistic approach that integrates health, education and social development.
3. **Vision:** To create a lasting impact in West Africa and France by making a significant contribution to improving living conditions and access to healthcare for vulnerable populations.
4. **Objectives:**
 - Provide basic dental care.
 - Educate people about oral hygiene.
 - Improve access to healthcare.
 - Promote the education and well-being of children.
 - Build support infrastructures.
 - Train and strengthen the skills of local professionals.
5. **Principal activities:**
 - Free dental consultations.
 - Oral hygiene awareness workshops.
 - Training programmes for local professionals.
 - Infrastructure projects for health centres.
 - Educational and sporting activities for children.
 - Community awareness campaigns.
 - Collaboration with other NGOs and local institutions.
6. **Target beneficiaries:** Disadvantaged populations, with a particular focus on the most vulnerable children and families.
7. **Intervention area:** Benin, with prospects for expansion into other West African countries and programmes dedicated to migrants in France.
8. **Partnerships and collaborations:** Working with the Loana Travel agency in Benin, as well as with a network of political and community contacts to strengthen the impact of our actions.
9. **Financing:** Dental supplies are mainly provided by **Opal Dental Studio**. We also rely on voluntary donations and seek partnerships with dental suppliers and pharmacies to obtain equipment and medicines. Every purchase and expense is transparent.
10. **Organisational structure:**
 - Manager
 - Second Manager
 - Local Guide
 - Communications Manager
11. **Expected results:**
 - Improved access to dental care for disadvantaged groups.
 - More awareness of oral hygiene.
 - Development of local infrastructures and capacity-building for professionals.
 - Advanced education and well-being of children.
 - Improved satisfaction and quality of life for beneficiaries.
12. **Values and principles:**
 - Integrity
 - Transparency
 - Compassion
 - Respect
 - Solidarity
 - Innovation
